

EUFORES

European Forum for Renewable Energy Sources

...the European cross-party parliamentary network

**“European Parliamentarians
for a Sustainable Energy Future”**

www.eufores.org

From a challenging situation to political action within Europe

Challenges of today's energy system

- EU's energy import dependency and insecurity of energy supply
- High energy prices and growing energy poverty
- Climate change - climate emergency
- Scarce energy resources and geostrategic tensions
- Difficult economic environment

What needs to be done?

- Promote renewable energy and energy efficiency
- Develop effective framework conditions and markets
- Implement intelligent energy policies and instruments in the EU Member States
- Facilitate exchange of experience
- Create political actions among Europe's Parliamentarians

Who is EUFORES and what do we want?

EUFORES...

- ...is a European cross-party parliamentary network with Members of the European Parliament and the EU national Parliaments.
- ...integrates a wide range of non-parliamentary actors as supporting members.
- ...was founded in 1995 as an independent, non-profit organisation and is a leading promoter of renewable energy and energy efficiency.
- ...supports the development of both fields in the European Union and the transformation of good practice into coherent policies.
- ...promotes the systemic integration of renewable energy and energy efficiency as key solutions for a sustainable development.
- ...organises the exchange of information between European, national and regional Parliamentarians, as well as between Parliamentarians and relevant stakeholders.

EUFORES is the cross-party parliamentary network for renewable energy and energy efficiency in Europe

What does EUFORES do?

EUFORES...

...connects the leading members of the European Parliament, EU national and regional parliaments working on sustainable energy issues.

...integrates key actors from science, industry and civil society into its network to create new channels of communication.

...organises a variety of events and platforms (Inter-Parliamentary Meetings, national parliamentary workshops, MEP roundtables with EU Commissioners and EU Council Presidencies, EP dinners, Advisory Committee meetings etc.).

...provides access to political and scientific advice and disseminates up-to-date information.

...facilitates the exchange of views on EU and national legislation to support legislative initiatives and proposals.

...manages a diversity of projects supporting the implementation of EU legislation in the Member States.

Why join EUFORES?

- To be part of the European parliamentary network and its political action
- To support effective policies for renewable energy and energy efficiency
- To get involved in the exchange of experience among policy makers and key-actors in the field
- To include your practical experience and visions about renewable energy and energy efficiency for successful policy frameworks
- To support the management of EUFORES and strengthen its work force in the Brussels Secretariat
- To be part of a great vision, to support its transformation into policy and to contribute to a more sustainable energy future
- To make the EU energy transition real

Marie Toussaint
