### **Tools: Quickscan**

#### LE SAVIEZ-VOUS ?

En Wallonie, 75% des logements ont été construits avant 1985 et présentent de faibles performances énergétiques.

C'est pourquoi la Wallonie a mis en place la campagne WALLORENO. Son objectif : promouvoir la rénovation des bâtiments, pour améliorer les performances énergétiques du parc immobilier et atteindre le label PEB A en moyenne d'ici 2050.

# **LESSONS LEARNED**

- EU funds offer time and capacity for product development and exchange
- Speeds things up
- Enriches policy development based on experiences (+ and -)
- Stimulates cooperation central & local level + interregional

BUT

- Heavy application procedures
- Heavy reporting workload
- Staff recruitment and retention not easy
- Big projects are not evident to manage

NEXT LIFE grant approval One-Stop-Shop development 2023-2025: smaller and more focus
