

# Renewable Energy in Portugal: opportunities and challenges ahead

*Renewable Abundance for All*

**REBUNDANCE**

Livia Tirone

*"What man is a man who does not make the world better?"*

**Who are we, if we don't make better for all,  
the world our ancestors passed on to us?**

# Dignity

In 2050

**99,9% of our world population  
lives in healthy, interdependent, fully  
inclusive and resilient communities**

# Renewable Resources

In 2050

99,9% of our world population  
is able to afford life with dignity  
relying predominantly on renewable  
endogenous resources

# Our Time

In 2050

99,9% of our world population  
contributes to the system (works)  
acting in full purpose

# Value Flow

In 2050

99,9% of our world population  
engages exclusively in transactions that  
add intrinsic value to planet regeneration

# How did we get here?

## Inviting and unravelling abundance

(solar, wind, rain and good-will, curiosity, compassion, courage...)
